

WELL REGISTRATION FORM

McMullin Area Groundwater Sustainability Agency (due back to MAGSA no later than January 1, 2022)

The McMullin Area Groundwater Sustainability Agency (MAGSA) has adopted a Groundwater Well Metering, Monitoring and Construction Policy and Implementing Rules and Regulations detailing certain procedures relating to registration, construction, metering and monitoring of certain groundwater wells and related groundwater data sets pursuant to MAGSA's obligations under the Sustainable Groundwater Management Act (SGMA). Included in the Implementing Rules and Regulations is a requirement to register all wells designed to produce more than two (2) acre feet of water annually within the MAGSA boundary. Section 2021.01 of the Implementing Rules and Regulations provides as follows:

2021.01 Well Registration

- a) All existing groundwater wells located within MAGSA's service area designed to produce more than two (2) acre feet of water shall be registered with MAGSA no later than **January 1, 2022**.
- b) All new groundwater wells located within MAGSA's service area designed to produce more than two (2) acre feet of water annually shall be registered with MAGSA no later than January 1, 2022 or within thirty (30) days of commencement of drilling for new well, whichever occurs later.
- c) "Registration" shall include (to the extent known to landowner at the time of registration) well owner's (landowner) name and contact information, assessor's parcel number, well geo-location, date of construction (or reasonable estimate), well construction detail, a copy of the well completion report (if available), overall depth of well, and other such relevant information, as may, from time to time by appropriate regulation or ordinance, be determined to be necessary by MAGSA for implementation of the GSP and compliance with SGMA.

The following information is required for each well owned and operated within MAGSA:

Landowner/Company (well owner) name and address, telephone contact and email:

Landowner/Company Name: _____

Company Contact Person (if applicable): _____

Address: _____

Telephone: _____

Email address: _____

Well location: (all)

APN _____

Lat/Long: _____

Geolocation: _____

Township/Range/Section and Quarter Section: _____

Date of construction: _____

Status: Active ___ Inactive ___ Abandoned ___

Flow meter present? ___ Type: ___ Manufacturer: ___

Motor type: ___ Horsepower: ___

Pump efficiency testing within past three (3) years? _____

Fill out this paper form for each well you/your company owns. If you/your company owns multiple wells, please make copies of the form and fill one out for each well. You can also download the PDF form to print additional copies at www.mcmullinarea.org/wellregistration.
