The Board of Directors welcomes participation in Board meetings. During the Public Comment period, the public may address matters under the jurisdiction of the Board that **have not been posted** in the Agenda. However, California Law prohibits the Board from taking action on any matter that is not on the posted Agenda unless the Board determines that it is an emergency or one of the other situations specified in Government Code section 54954.2. The public will be given the opportunity to address the Board on any item on the Agenda before the Board's consideration of that item. The Board reserves the right to consider any item on the agenda in any order. If members of the public desire to address the Board relative to a particular Agenda item at the time it is to be considered, they should so notify the Chairman of the Board upon the call of item III. The Chairman may limit the total amount of time allocated for public testimony on particular issues for each individual speaker. Public comments are encouraged.

Please note that there may be a brief instruction on the order and method that public comment will be received due to the new and modified alternative for virtual participation in the meeting. We will do our best to get everyone heard. We thank you in advance for your understanding and cooperation. It is anticipated that item III, Public Comment will be the only time that public comment will likely be possible.
